Slip Resistance	EN 13893	Class DS	ASTM F137	Pass
Electrical Resistance	EN1081 Method C	Pass	ASTMD2047-93	Pass
Thermal Resistance	EN 12664	Pass	ASTM F150-06	Pass
Toxic Element Test	EN 71-3	Pass. Not toxic. Does not contain heavy metal and formaldehyde		
Behaviour to Fire	ENISO11925-2 EN13501-1 EN ISO 9239-1		ASTM E648- 06	Pass
Smoke Density		Bf1-S1	ASTM E662	Pass,<450

Flooring Layers

Surya SPC Flooring (Stone Plastic Composite Flooring) represents the next generation of waterproof flooring solutions. Our products feature an easy-to-install locking system and consist of five layers, including a special wear layer that safeguards against scratches, spills, and sun damage. The core layer is made from a durable blend of natural limestone powder, polyvinyl chloride and stabilizers, giving SPC flooring its remarkable strength, water resistance, and longevity.

Whether for your home, office, retail space or hotel, Surya SPC Flooring adds a touch of sophistication and comfort to any environment.

This flooring is not only simple to install and maintain, but it also offers a quiet, soothing ambiance that will resonate with your senses. It's an affordable yet durable choice for creating and sustaining comfortable, refreshing living spaces. With a wide range of design options available, you can create unique, stylish and inviting floor combinations to suit your aesthetic. Thanks to its waterproof rigid core technology, along with antibacterial and acoustic properties, Surya SPC Flooring is ideal for diverse settings such as sports centres, schools, hospitals, offices and other commercial spaces, ensuring a comfortable and practical atmosphere wherever it's installed.
